

Sloan Slide Gate, M50/P2

ITEM: #SG-7050

An IronSite Company

PRODUCT FEATURES

Anti-Terrorism Access Control.

Sloan's Slide Gate is ideal for use protecting military bases, government facilities, data centers, embassies, critical infrastructure, and industrial sites requiring maximum perimeter security. This slide gate design ensures reliable, low-maintenance performance in high-security or high-traffic environments.

- ASTM F2656-07 M50/P2 Certified
- Complete system includes all frames, supports, and hardware
- Ready for seamless site installation.
- Fabricated from high-strength ASTM A500 steel tubing, ASTM A992 W-beams, and ASTM A36 steel plates for maximum impact resistance and durability.

PRODUCT BENEFITS

Complete Precision

Smooth Operation

The Sloan Slide Gate is designed for reliability with low-maintenance performance.

Custom Lengths

Sloan's customizable length slide gate allows for a precise fit to the specific dimensions of your space and roadway.

American Made

Sloan's Slide Gates are meticulously built in the United States to ensure the quality, consistency, and availability.
